Model Question Paper

Database - part II

12th Standard

Computer Science

Reg.No. :

I.Answer all the questions.

II.Use blue pen only.

Time : 01:00:00 Hrs   Total Marks : 40

<div align="center">Part-A</div>   10 x 1 = 10

1) To delete the selected record, we have to click on the

   (a) primary key   (b) record pointer   (c) delete column option   (d) delete rows option

2) Which of the following is a component of a database?

   (a) Field   (b) Record   (c) Table   (d) All the above

3) Which of the following may relate to any field of application?

   (a) Database   (b) Data processing   (c) Information   (d) Data

4) Which of the following is a repository collection of related data or facts?

   (a) Database   (b) Information   (c) Data processing   (d) Application

5) How many filters are allowed in Star Office Base?

   (a) 2   (b) 3   (c) 4   (d) 5

6) The common field or field of two or more tables is called a

   (a) Cell   (b) Row   (c) Cell pointers   (d) Key

7) Payroll and examination processed fall under the category

   (a) Database Management   (b) Application   (c) Package   (d) Data processing

8) Which option accepts a numerical value?

   (a) Type   (b) Filter   (c) Entery required   (d) Length

9) The field type that is not allowed by Star Office base is

   (a) Text   (b) Binary   (c) Project   (d) Image

10) Which option specifies the user should enter a value for that field

   (a) Length   (b) Default value   (c) Format   (d) Entry required

<div align="center">Part-B</div>   5 x 2 = 10

11) Write a note on reports in Staroffice Base.

12) Explain how will you insert a calc cell range into a text document?

13) What is data?give an example

14) What is an Information?give an examples

15) What is meant by manual data processing?

                                                                                                               4 x 5 = 20

16) List and Explain the advantages of computerised data processing

17) What are the Disadvantages of Manual data Processing?

18) Explain the method of working with StarOffice Base

19) Explain how will you create atable in Star Office Base?

<div align="center">**************************************</div>
